

HDPE Parison blow moulds

Single Stage Stretch Blow moulds Including Preform Injection Moulds

Change parts kits for Preform Moulds & Cap Mould

Preform Mould change parts & weight reduction program parts

Blowing, Filling line, Capping & Label machine parts

About us:

Intergulf Empol, a member of the IFFCO Group manufactures world class PET preforms & closures at its state of the art facilities in the UAE.

Intergulf Empol division is one stop low cost solution for PET beverage packaging, including invention, design, mock up sample, prototype mould, sample bottles, Production moulds, preforms, caps & master batches.

Satisfied customers across the geographies

Infrastructure

Design software's & Development facilities:

- PTC (Proe) Creo 3.0 Design & Manufacturing
- Autodesk Inventor series 2011
- B-sim (simulation software for blowing)
- Dimension elite 3d Printer (for mockup fabrication in ABS material)
- Geomagic Studio (Editing software for scanned data's)
- REVscan with Vxscan software (for Reverse engineering job)
- HP Design Jet 130 Color Platter

Protype Facilities:

We have 3 Dimensional Elite printer which will make 3d model effectively with less cost and time. So we will be able to shorten our project time and cost.

Manufacturing Facilities:

- 4 Axis CNC Milling machine
- 3 Axis CNC Milling machines
- CNC Turning
- Wire EDM & EDM
- Surface Grinding
- Jig boring
- All conventional machines like Lathe, Grinding, Milling, Radial Drilling & cutting m/c

Profile:

- Part of IFFCO group • Export driven strategy to serve customers worldwide • Skilled manpower
- Uninterrupted trouble free operations • Quality, reliability & customer service • Fast turn around time • Specialized in precision machine parts • Specialized in PET Preform, Stretch Blow Mold, Extrusion Blow Mold, Thermoforming, Molds for Soaps & Chocolates •

Our products

Blow moulds: Applications include Water, CSD, Juice, Milk, Hot-Filled bottles. We supply blowing moulds serious of famous brand of machine like below

Two-Stage Stretch blow moulds:

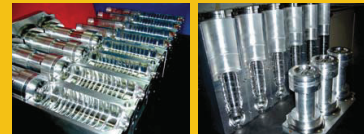

SIDEL

MAGPLAST

TECSORE

ADS

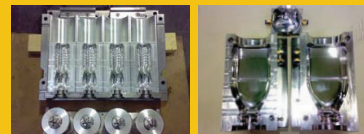

SIG / KHS

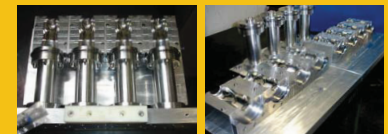

SMI

ASB NISSEI

KOSME

SIPA

KRONES
